

Highfields, Inc.

Multisystemic Therapist-Jackson and Hillsdale Counties

Salary Range: \$48,000.00 To \$56,305.00 Annually

Overview

Multisystemic Therapy (MST) is an intensive treatment for troubled youth delivered in multiple settings, including home, school, and community. They may also work directly with these settings as part of the treatment plan and as a team.

Key responsibilities include conducting MST assessments, creating individualized treatment plans, delivering family-centered interventions, managing a small caseload, and providing on-call support and crisis intervention.

For more information on Multisystemic Therapy, please watch this video: [How Does MST Work?](#)
